

OFSTED Registration

We are registered with OFSTED therefore you may be entitled to help towards your childcare costs. A copy of our registration certificate is available upon request.

Early Years Qualifications

To work with young people and children in the UK our staff need to have certain qualifications.

It is recommended that all staff hold a childcare qualification.

Here is a brief outline on our staffs current qualifications.

Our Early Years Key worker Chris holds her Early Years level 3 in teaching and learning qualification. Chris had been a teaching assistant for over 20 years at a local school. Chris joined our team in 2017 and really enjoys caring for our youngest children.

Our TTC play leader Suzanne holds a children and young person workforce level 3 qualification. Suzanne is experienced in working with primary aged children. Suzanne loves to get crafty! All children will have the opportunity to get stuck into some fun craft activities carefully selected by Suzanne.

Our play leader Christine holds a level 3 teaching assistant qualification. Christine started with us in 2017 holding a level 2, whilst working within our setting Christine completed her level 3 qualification. Christine enjoys our breakfast club provision the most, making sure all our children have a healthy start to the school day.

Our junior staff:

We pride ourselves on being able to offer junior members of staff who are considering a future in childcare some valuable experience. In 2021 we contacted SWB academy enquiring as to whether our business could be of any use. We were extremely lucky to have the privilege of training two lovely young ladies.

Macey - joined our company in September 2021
at our TTC provision.

Macey was a valued and trusted member of our team and her confidence grew and grew whilst working with us.

Macey is continuing with her studies and is attending University in September 2022 she is considering a future in adult nursing!

Emily - Emily also joined our company in September 2022
at our breakfast club provision.

This was ideal for Emily as she was a real 'morning person'.

Whilst with us Emily really came out of her shell and was a trusted and valued member of our team. She loved nothing more than playing games with the children.

Emily is continuing with her studies in September and considering a future in teaching!

In September 2022 we will be welcoming two new members to our team.

Pop back soon for more details.
