At MOORE'S CHILDCARE SERVICES LTD we have a ZERO TOLERANCE attitude to bullying

We DO NOT tolerate or accept any form of bullying even name calling!

We DO take reports of bullying very serious and will investigate accordingly

We take cyber bullying very serious too, if a child is being bullied online or by someone on their mobile phone we will notify parents immediately

All incidents of bullying will be dealt with in line with our behaviour policy sanctions

(please see behaviour policy [HERE](#) for details)

If a child attending MOORE'S CHILDCARE SERVICES LTD and requires prescription medication of any kind, their parent or carer must complete a Permission to administer medicine form in advance. Staff at the Club will not administer any medication without such prior written consent. Ideally children should take their medication before arriving at the Club. If this is not possible, children will be encouraged to take personal responsibility for their medication, if appropriate. If children carry their own medication eg asthma inhalers, allergy relief, epi-pens the Club staff will offer to keep the medication safe until it is required. Inhalers must be labelled with the child's name. MOORE'S CHILDCARE SERVICES LTD can only administer medication that has been prescribed by a doctor, dentist, nurse or pharmacist unless written consent given by parent. However, if a medicine contains aspirin we can only administer it if it has been prescribed by a doctor. All medication provided must have the prescription sticker attached which includes the child's name, the date, the type of medicine and the dosage.

A designated staff member will be responsible for administering medication or for witnessing self-administration by the child. The designated person will record receipt of the medication on a Medication Log, will check that the medication is properly labelled, and will ensure that it is stored securely during the session.

Before any medication is given, the designated person will:

Check that the Club has received written consent

Ask another member of staff to witness that the correct dosage is given.

When the medication has been administered, the designated person must:

Record all relevant details on the Record of Medication Given form by 2 members of staff when administered

Ask the child's parent or carer to sign the form to acknowledge that the medication has been given.

When the medication is returned to the child's parent or carer, the designated person will record this on the Medication Log and parents will sign to say they have taken the medication home.

If a child refuses to take their medication, staff will not force them to do so. The manager and the child's parent or carer will be notified, and the incident recorded on the Record of Medication Given.

Certain medications require specialist training before use, eg Epi-Pens. If a child requires such medication the manager will arrange appropriate training as soon as possible. It may be necessary to absent the child until such training has been undertaken. Where specialist training is required, only appropriately trained staff may administer the medication.

A child's parent or carer must complete a new Permission to Administer Medication form if there are any changes to a child's medication (including change of dosage or frequency). If a child suffers from a long term medical condition the Club will ask the child's parents to provide a medical care plan from their doctor, to clarify exactly what the symptoms and treatment are so that the Club has a clear statement of the child's medical requirements

BEHAVIOUR CONSEQUENCES

At MCS LTD we understand that all children behave differently that is what makes them who they are. We acknowledge that some children will require additional support in order to achieve and maintain acceptable levels of behaviour. Where we identify a child with these needs, we will work closely with parents/carers to support their child/children.

Sometimes children will make the wrong choice and that is ok:

Children will be reminded of our "BE HAPPY" motto and be encouraged to make good choices:
If we are not following our 'BE HAPPY' motto and behaving as we should be initially we may be asked to:

- * Have a time out to calm down and remember our golden rules.
- * Apologise to someone we have upset.
- * Put our thinking head on and think about our actions and how they can affect others.

If our initial consequences have not resolved the behaviour issues then we will be left with no option but to issue a yellow card. Your child can receive a maximum of 3 yellow cards. If your child receives 3 yellow cards they may then be issued with a red card. Red Cards are issued at the discretion of the Manager only.

- * **FIRST YELLOW CARD** - a verbal consultation with parents conducted by LF to discuss persistent and continued behaviour concerns and what strategies have been used so far. We will discuss how we can move forward to support their child with their positive behaviour choices in the future. LF will record on child's file.
- * **SECOND YELLOW CARD** - a meeting with parents conducted by LF to discuss persistent and continued behaviour concerns. We will discuss current strategies being used and form a plan for more targeted support. This meeting will be recorded on recorded on child's file.

- * **FINAL YELLOW CARD** – a meeting with parents to discuss persistent behaviour concerns and strategies that have been used. A period of time away from the setting to reflect on behaviour may be advised. LF to lead. This meeting will be recorded on child's file.
- * **RED CARD** – When all other strategies have been exhausted and we continue to see extremely negative and disruptive behaviour we may be left with no option but issue a red card which would mean a fixed term exclusion. LF would meet with parents to discuss this in more detail as and when required.

This policy is inline with guidelines to help prevent the spread of COVID 19.

MOORE'S CHILDCARE SERVICES LTD have devised this policy to ensure routine practices are followed when cleaning up blood or body fluid spills and disinfecting the contaminated area.

Cleaning is the physical removal of blood or body fluids from surfaces using detergent, warm water and friction.

Disinfecting is the process of killing most disease causing microorganisms on objects or surfaces using a chemical solution.

Follow these instructions:

Isolate the area around the spill

Assemble required cleaning materials prior to putting on full PPE

Inspect the area around the spill for splash and splatter

If broken glass or other sharp objects are present in the spill, use a brush and dustpan to pick them up

Clean up spill with water and detergent

Remove detergent with clean water prior to applying disinfectant

Discard paper towels immediately

Disinfect area with an appropriate disinfectant**

Remove PPE double bag & discard appropriately

Wash hands thoroughly

Here at MCS LTD We promote British Values by:

- * Respecting the cultures and beliefs of others
- * Treating everyone equally
- * Helping others
- * Listen and respect others opinions
- * Respecting the roles of the people who help us.

At MOORE'S CHILDCARE SERVICES LTD we aim to work in partnership with parents to deliver a high quality childcare service for everyone. If for any reason we fall short of this goal, we would like to be informed in order to amend our practices for the future.

Our complaints policy is displayed on the premises at all times. Records of all complaints are kept for at least three years. A summary of complaints is available for parents on request.

The manager is usually responsible for dealing with complaints. If the complaint is about the manager, the registered person or other senior member of staff will investigate the matter. Any complaints received about staff members will be recorded in an **Incident Log** and a **Complaints Log** will be completed. Any complaints made will be dealt with in the following manner:

STAGE ONE

Complaints about aspects of Club activity:

The manager will discuss the matter informally with the parent or carer concerned and aim to reach a satisfactory resolution.

Complaints about an individual staff member:

If appropriate the parent will be encouraged to discuss the matter with staff concerned.

If the parent feels that this is not appropriate, the matter will be discussed with the manager, who will then discuss the complaint with the staff member and try to reach a satisfactory resolution.

STAGE TWO

If it is impossible to reach a satisfactory resolution to the complaint through informal discussion, the parent or carer

should put their complaint in writing to the manager. The manager will:

Acknowledge receipt of the letter within 7 days.

Investigate the matter and notify the complainant of the outcome within 28 days.

Send a full response in writing, to all relevant parties, including details of any recommended changes to be made to the Club's practices or policies as a result of the complaint.

Meet relevant parties to discuss the Club's response to the complaint, either together or on an individual basis.

If child protection issues are raised, the manager will refer the situation to the Club's Child Protection Officer, who will then contact the Local Authority Designated Officer (LADO) and follow the procedures of the Safeguarding Children Policy. If a criminal act may have been committed, the manager will contact the police.

Prevent Policy

The Prevent duty became law in 2015. This is a duty on all schools and registered early years providers to have due regard to preventing people being drawn into terrorism. In order to protect children in your care, you must be alert to any reason for concern in the child's life at home or elsewhere. This includes awareness of the expression of extremist views.

British values are a set of four values introduced to help keep children safe and promote their welfare - as is the duty of all providers following the EYFS; specifically to counter extremism.

The promotion of British values is firmly embedded in the work that you do.

- 1 - Democracy
- 2 - The rule of law
- 3 - Mutual respect
- 4 - Individual liberty
- 5 - Tolerance of different Cultures & Religions

We promote British Values by

Respecting the cultures and beliefs of others

Forms of child abuse and neglect

Child abuse is any form of physical, emotional or sexual mistreatment or lack of care that leads to injury or harm. This also includes, Forced marriage, Female genital mutilation, Child sexual Exploitation and Breast Ironing. An individual may abuse or neglect a child directly, or by failing to protect them from harm. Some forms of child abuse and neglect are listed below.

- Emotional abuse is the persistent emotional maltreatment of a child so as to cause severe and persistent adverse effects on the child's emotional development. It may involve making the child feel that they are worthless, unloved, or inadequate. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

- Physical abuse can involve hitting, shaking, throwing, poisoning, burning, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may be also caused when a parent or carer feigns the symptoms of, or deliberately causes, ill health to a child.

Sexual abuse involves forcing or enticing a child to take part in sexual activities, whether or not the child is aware of what is happening. This can involve physical contact, or non-contact activities such as showing children sexual activities or encouraging them to behave in sexually inappropriate ways.

Neglect is the persistent failure to meet a child's basic physical and emotional needs. It can involve a failure to provide adequate food, clothing and shelter, to protect a child from physical and emotional harm, to ensure adequate supervision or to allow access to medical treatment.

Signs of child abuse and neglect

Signs of possible abuse and neglect may include:

- significant changes in a child's behaviour
- deterioration in a child's general well-being
- unexplained bruising or marks
- comments made by a child which give cause for concern
- Inappropriate behaviour displayed by other members of staff, or any other person. For example, inappropriate sexual comments, excessive one-to-one attention beyond the requirements of their role, or inappropriate sharing of images.

If abuse is suspected or disclosed

When a child makes a disclosure to a member of staff, that member of staff will:

- Reassure the child that they were not to blame and were right to speak out
- Listen to the child but not question them
- Give reassurance that the staff member will take action

- Record the incident as soon as possible (see Logging an incident below).

If a member of staff witnesses or suspects abuse, they will record the incident straightaway. If a third party expresses concern that a child is being abused, we will encourage them to contact Social Care directly. If they will not do so, we will explain that the Club is obliged to and the incident will be logged accordingly.

Logging an incident

All information about the suspected abuse or disclosure will be recorded on the Logging a concern form as soon as possible after the event. The record should include:

- Date of the disclosure or of the incident causing concern
- Date and time at which the record was made
- Name and date of birth of the child involved
- A factual report of what happened. If recording a disclosure, you must use the child's own words.
- Name, signature and job title of the person making the record.

The record will be given to Leanne Flitcroft the CPO who will decide whether they need to contact Social Care or make a referral. All referrals to Social Care will be followed up in writing on a MARF within 48 hours. If a member of staff at Moore's childcare services thinks that the incident has not been dealt with properly, they may contact Social Care directly.

Our Code of Conduct has been created using "Guidance for safer working practice for those working with children and young people in education settings".

Adults have a crucial role to play in the lives of children. This guidance has been produced to help them establish the safest possible learning and working environments which safeguard children and reduce the risk of them being falsely accused of improper or unprofessional conduct.

The term 'allegation' means where it is alleged that a person who works with children has

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child; or,
- behaved towards a child or children in a way that indicates they may pose a risk of harm to children.

Staff and adults at Moore's Childcare Services LTD should understand that their own behaviour and the manner in which they conduct themselves with their colleagues, pupils, parents and other stakeholders, sets an example.

We expect all staff to demonstrate consistently high standards of personal and professional conduct at all times. All staff must have regard for the need to safeguard pupils' well-being in accordance with statutory requirements. All staff should treat pupils with dignity and build positive relationships rooted in mutual respect.

All staff must have proper and professional regard for the ethos, policies and practices of Service.

Underpinning principles

The welfare of the child is paramount

Staff should understand their responsibilities to safeguard and promote the welfare of pupils

Staff are responsible for their own actions and behaviour and should avoid any conduct which would lead any reasonable person to question their motivation and intentions

Staff should work, and be seen to work, in an open and transparent way

Staff should apply the same professional standards regardless of culture, disability, gender, language, racial origin, religious belief and sexual orientation

Staff should not consume or be under the influence of alcohol or any substance, including prescribed medication, which may affect their ability to care for children

Staff should be aware that breaches of the law and other professional guidelines could result in disciplinary action being taken against them, criminal action and/or other proceedings including barring by the Disclosure & Barring Service (DBS) from working in regulated activity

Staff and managers should continually monitor and review practice to ensure this guidance is followed

Staff should be aware of and understand our Safeguarding and Child Protection Policy, arrangements for Managing Allegations Against Staff, Whistle Blowing Policy and the Local Safeguarding Children Board LSCB procedures.

Staff need to know the name of the Designated Safeguarding Lead Leanne Flitcroft and be familiar with the school's and Wolverhampton Safeguarding Child's Board WSCB child protection procedures and guidance

Staff are expected to treat information they receive about pupils and families in a discreet and confidential manner, should seek advice from a senior member of staff or the Designated Safeguarding Lead if they are in any doubt about sharing information they hold or which has been requested of them

need to be clear about when information can/ must be shared and in what circumstances

need to know the procedures for responding to allegations against staff and to whom any concerns or allegations should be reported

need to ensure that where personal information is recorded using modern technologies that systems and devices are kept secure

Staff must be aware and understand that disqualification under the Child Care Act still applies to staff themselves who work in a child care capacity, whether paid, volunteer or on work placements. Relevant staff are those working in child care, or in a management role because they are: working with reception age children at any time (this may include playground supervision, lunchtime duty, working 1:1 with Reception pupils); or working with children older than reception until age eight, outside school hours.

Keeping Children Safe in Education (DfE, 2018) paragraph 116 also refers to disqualification: "For staff who work in childcare provision or who are directly concerned with the management of such provision, the school needs to ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the Childcare (Disqualification) Regulations 2018".

In order to comply with these regulations, staff must inform Moore's childcare services themselves if they have ever:

Had a child placed under a care order.

Had a childcare registration cancelled or refused (except for non-payment of fees).

Had a relevant overseas conviction.

Uniform:

Staff are supplied with a t shirt and along with them should wear black trousers/jeans and sensible shoes.

Policies along with these that are available are:

Safeguarding Policy

Health and Safety Policy

Data Protection Policy

Equal Opportunities Policy

Whistleblowing policy

Volunteer Policy

Physical intervention Policy.

Baby sitting

Please be advised that you are not permitted to babysit any children who attend MOORE'S CHILDCARE SERVICES LTD settings.

MOORE'S CHILDCARE SERVICES LTD endeavours to ensure that all children are collected by a parent or carer at the end of each session. If a child is not collected, and the parent or carer has not notified us that they will be delayed, we will follow the procedure set out below:

Up to 15 minutes late

When the parent or carer arrives they will be reminded that they must call the Club to notify us if they are delayed.

The parent or carer will be informed that penalty fees will have to be charged £5.00 per 15 minutes (unless the delay was genuinely unavoidable).

15-30 Minutes late

If a parent or carer is more than 15 minutes late in collecting their child, the manager will try to contact them using the contact details on file.

If there is no response from the parent or carer, messages will be left requesting that they contact the Club immediately. The manager will then try to contact the emergency contacts listed on the child's registration form.

While waiting to be collected, the child will be supervised by at least two members of staff.

When the parent or carer arrives they will be reminded that they must call the Club to notify us if they are delayed, and that penalty fees will have to be charged £5.00 per 15 minutes Over 30 minutes late.

If the manager has been unable to contact the child's parents or carers after 30 minutes, the manager will contact the local Social Care team for advice.

The child will remain in the care of two of the Club's staff, on the Club's premises if possible, until collected by the parent or carer, or until placed in the care of the Social Care team.

If it is not possible for the child to remain at the Club's premises, a note will be left on the door of the Club informing the child's parent or carer where the child has been taken (eg into the care of a safeguarding agency) and leaving a contact number. A further message will be left on the parent or carer's telephone explaining events.

If you do not collect your child at the end of the school day then they will be brought into tea time club at 3.45pm. You will be notified of this and you will be advised that there will be a charge of £3.00 until 4.00pm. Any collections after 4pm will result in full session rate. Failure to pay your emergency childcare fees will result in a late payment fee and we will seek legal advice. Please see our "None Payment of Fees Policy" for more information.

Managing persistent lateness

The manager will record incidents of late collection and will discuss them with the child's parents or carers. Parents and carers will be reminded that if they persistently collect their child late they may lose their place at the Club.

MOORE'S CHILDCARE SERVICES LTD are committed to open lines of communication and accountability therefore we have devised a whistleblowing policy to this effect.

What is 'Whistleblowing'?

'Whistleblowing' is defined as 'raising concerns about misconduct within an organisation or within an independent structure associated with it' (Nolan Committee on Standards in Public Life).

In the legislation it is called a protected disclosure.

The Public Interest Disclosure Act 1998 protects employees from suffering a detriment in their employment or being dismissed by their employer if they make disclosures in accordance with the legislation.

An employee has certain common law confidentiality obligations to their employer. However, in a limited set of circumstances whistleblowing may override these obligations if an employee reveals information about their employment or the work of the tea time club. This guidance sets out the circumstances under which these disclosures may lawfully be made.

A concern must relate to something which:

- 1 is a breach of the the tea time club's policies; or
- 2 falls below established standards of practice; or
- 3 amounts to improper conduct, including something that may be;
 - a breach of the law
 - a failure to comply with a legal obligation
 - a possible miscarriage of justice

- a Health & Safety risk
- damaging the environment
- misuse of public money
- corruption or unethical conduct
- abuse of children, staff or other users
- deliberate concealment of any of these matters
- any other substantial and relevant concern

These issues could have arisen in the past, be currently happening or likely to happen in the future. The law does not protect an employee who would be breaking the law in making the disclosure.

How to Raise a Concern

All concerns will be treated sensitively and with due regard to confidentiality and where possible every effort will be made to protect your identity if you so wish. Nevertheless, this information will need to be passed on to those with a legitimate need to have this information and it may be necessary for you to provide a written statement or act as a witness in any subsequent disciplinary proceedings or enquiry. This will always be discussed with you first.

alternatives are available depending on the nature of your concern. You can contact any of the following

- * Ofsted
- * Social Care
- * LSCB
- * Police
- * NSPCC

Although you are not expected to prove beyond doubt the truth of your concerns, you will need to demonstrate that you have sufficient evidence or other reasonable ground to raise them.

Step 1

If you wish to raise a concern you should normally raise it with your line manager. This can be done in person or in writing.

The tea time club recognises that sometimes it may be inappropriate for you to approach your line manager with your concern. In these circumstances, a number of alternatives are available depending on the nature of your concern. You can contact any of the following

- * Ofsted
- * Social Care
- * LSCB
- * Police
- * NSPCC

Although you are not expected to prove beyond doubt the truth of your concerns, you will need to demonstrate that you have sufficient evidence or other reasonable ground to raise them.

Step 2

The person with whom you have raised your concern will acknowledge its receipt as soon as possible and will write to you within 10 days to let you know how your concern will be dealt with. The information you can then expect to receive is:

- an indication of how the concern will be dealt with
- an estimate of how long it will take to provide a final response

- whether any initial enquiries have been made
- whether further investigations will take place, and if not why not
- information about support available for you

The person with whom you have raised your concern will at the same time notify the HR team that a whistleblowing allegation has been made.

Step 3

Initial enquiries will be made to decide whether an investigation is appropriate. Where an investigation is necessary, it may take the form of one or more of the following:

- an internal investigation by the manager, which may, for example, take the form of a disciplinary investigation
- a referral to Ofsted or the Police
- the setting up of an external independent inquiry

Step 4

You will be informed of the outcome of any investigation, in writing, and/or of any action taken, subject to the constraints of confidentiality and the law. If you do not feel your concern has been addressed adequately you may raise it with an independent body such as one of the following as appropriate:

- the Citizen's Advice Bureau
- Ofsted
- a relevant voluntary organisation
- the Police

- the Local Government Ombudsman
- Equality and Human Rights Commission

You must make a disclosure “in the public interest”; and in the circumstances it must be reasonable for you to make the disclosure. If there is an issue of an exceptionally serious nature which you believe to be substantially true, then you may disclose the issue to someone other than those listed above. In determining whether it is reasonable for you to have made a disclosure the identity of the person to whom the disclosure is made will be taken into account. Disclosures to anyone outside of the recognised bodies specified may not be protected disclosures under the Act.

You have a duty to the nursery not to disclose confidential information. This does not prevent you from seeking independent advice at any stage or from discussing the issue with the charity Public Concern at Work on 020 7404 6609 and www.pcaaw.co.uk in accordance with the provisions of the Public Interest Disclosure Act 1998.

MOORE'S CHILDCARE SERVICES LTD is committed to providing a safe and secure environment for the children in our care. When we have visitors to our club we need to ensure that this will not have a detrimental effect on the children and that the person in question has a valid reason for visiting the club. Accordingly, when a visitor arrives at the club we will follow the procedure set out below

All visitors to the Club must sign the Visitor Log.

The identity of the visitor will be checked and this will be recorded on the Visitor Log.

If staff require further reassurance of the identity of the visitor, they will phone the employing organisation of the visitor, eg Ofsted, Local Authority, Environmental Health Department, etc, for further confirmation. If this is not possible, staff will seek the advice of the Club Manager.

The reason for visit will be recorded.

Visitors will never be left alone or unsupervised with the children.

If a visitor has no reason to be on the Club's premises staff will escort them from the premises.

If the visitor refuses to leave, staff will call the police. In such an event an Incident Record will be completed and the manager will be immediately notified.

When a visitor leaves the premises, we will record the time of departure on the Visitor Log.

We have updated our policies in line with government guidelines to help to prevent the spread of COVID 19.

We may ask visitors to comply with the following

To use hand sanitiser upon arrival.
